

## C28: University Preparation Course Summer

### **Students commencing in Summer 2025 (November 2024 commencement).**

UniPrep Summer runs from November 25, 2024, until the end of January with classes commencing on 25 November 2024.

Exams for most subjects are in late January or early February, so it's possible to successfully complete the course in time to start uni in Semester 1.

### **Unit Enrolment Advice**

Enrolment into units opens on Monday September 16, 2024, and closes on Friday November 22, 2024.

Students can choose to enrol in full time (4 units) or part time (usually 2 units).

Units for Summer are only available on Campus at both the South West and Joondalup campuses. *If you are a South West Student, please note there is only one elective unit available at the South West Campus this Summer.*

Your Student Map lists the units that you need to enrol into for your course.

You will need to log into your Student Map to first plan the units you want to enrol into. Once you add your units into the planned section of your map, click “enrol in planned units” this will take you to the enrolment pages in Student Information Management Online (SIMO) so you can select and confirm your classes and timetable.

We recommend you read the [Student Maps Guide for Students](#), prior to logging into your Student Map.

When you are ready, [click here to log into your Student Map](#).
