University Supervisors (US) will assume the role of monitoring the progress of students, determining the outcome for the professional experience, and completing the *Final Evaluation Form*. Students will be evaluated against the 7 areas of the National Quality Standard (NQS). **This professional experience is assessed on a PASS/FAIL basis. ECE6340 is a designated unit.** This professional experience unit is deemed to be a fundamental course requirement and may only be attempted once unless otherwise determined by the Progression Panel. Mentors will provide support, guidance, and feedback throughout the professional experience. This will include discussions with the University Supervisor on the two visits, to assist them completing the *Interim Report and Final Evaluation Form*.
